Atty. Docket No.: P69450US0

**R E M A R K S**

In response to the Office Action mailed March 21, 2005, requiring restriction between I) claims 1-13 drawn to a bed assembly, and II) claims 14-20 drawn to a dump vehicle, Applicants elect Group I claims 1-13 drawn to a bed assembly without traverse. Accordingly, Applicants now request examination of and action with respect to the patentability of elected claims 1-13.

Claims 14-20 are retained in the application pending the filing of a divisional application directed to the invention identified as Group II.

In view of the Restriction Requirement, additional claims 21-23 are added at this time which are believed to be directed to a bed assembly along with claims 1-13 (Group I). Accordingly, examination and an action regarding patentability of the newly submitted claims is also requested.

Respectfully submitted,

JACOBSON HOLMAN PLLC
